**Re: Letter of Support - Convention & Cultural Event Centre**

I am writing this letter in support of the Convention & Cultural Event Centre in Prince Albert, Saskatchewan. This is a one-of-a-kind partnership project that will significantly benefit residents and communities across Central and Northern Saskatchewan.

*Introduce yourself and who you are in the community (for example: athlete, business owner, community volunteer, award recipient, etc.). Brag about yourself to inform the Ministry of your importance and/or impact to the community.*

*Describe, from your perspective, how the facility will impact you, your organization, our City and the region. Outline why Prince Albert is unique and should have this Centre. You are welcome to select a few ideas from the below list of suggestions:*

- *For thousands of years, Prince Albert has been known as Kistapinânihk and we continue to be “the gathering place” for the North and South Indigenous Nations. We are proud to serve these areas by providing essential services, economic opportunities, and cultural connections*
- *A Convention & Cultural Event Centre will foster greater regional integration and development while embracing true reconciliation through shared space. We are proud to move forward together*
- *Will be a state-of-the-art facility attracting events, conferences and recreation activities*
- *Will provide a versatile space for community gatherings, sporting events and activities enhancing the quality of life for residents*
- *Offering additional amenities will encourage new residents to move to Prince Albert for healthcare, business development, education and cultural opportunities*
- *Construction phase advances economic growth and provides job opportunities*
- *Supports the community-owned Prince Albert Raiders hockey club and their extended fan base*
- *Promotes the growth and development of local youth hockey by supporting the Prince Albert Mintos AAA hockey club and Prince Albert Mann-Northway Northern Bears AAA hockey club*
- *Replaces the Art Hauser Centre arena with a carbon friendly and fully accessible facility*
- *Proud of the significant partnerships and developments with First Nations in Prince Albert*
- *Facility will benefit the local economy by attracting visitors and tourists to the city and region*

In closing, I fully support the development of a Convention & Cultural Event Centre in Prince Albert and respectfully request the Federal Government commit to funding the construction of this critical partnership project.

Sincerely,  
*(signature)*
